DETAILED ACTION

Applicant(s) Response to Official Action

- [1] The response filed on January 27, 2009 has been entered and made of record.

Response to Arguments

- [2] Presented arguments have been fully considered but are held unpersuasive. Examiner's response to the presented arguments follows below.

Claim Rejections - 35 USC § 103

Summary of Arguments:

Regarding claims 1, 15, 46 and 57, applicant argues that the prior art does not disclose, a controller programmed to request access to a communication network, when the wireless device is being held and the user is authorized to use the wireless device. (Remarks: Page 11, Para. 3.) The network access request being sent via wireless link. (Remarks: Page 13, Para. 3.)

Examiner's Response:

Examiner respectfully disagrees. Regarding claims 1, 15, 46 and 57, Examiner contends that Doyle discloses, a controller (*i.e. security core*) programmed to request access to a communication network (*i.e. I/O System and I/O bus*), when the wireless device is being held (*i.e. continuous verification*) and the user is authorized to use the wireless device (*i.e. authentic user*) [paras. 0064 and 0024]. The network access request being sent via wireless link (*i.e. buses 140 and 160 are implemented as wireless links*) [para. 0050]. Accordingly, Examiner maintains the rejection.

Claim Rejections - 35 USC § 103

[3] Regarding claims 1, 3-22, 46-50, 57, 59 and 60 all claimed limitations are set forth and rejected as per discussion for claim 2-22, 46-50 and 57-60 of the previous non-final action (mailed on 08/20/2008).

Conclusion

[4] **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
